Dear Alex

What a nice surprise to open your letter and find another wonderful cheque from the Highland Society! Thank you so much for your continued support. I confirm that the Highland Society's donations are ring fenced for the Education Room.

We are managing to keep the project going despite all the restrictions, and at the moment, although there are some delays, it is broadly on track, which is a huge relief for us all. There will be some cost overruns due to COVID, however there are positive indications that the National Lottery Heritage Fund may cover these – we'll need to wait until the final costs come in for the building contractors.

Please do let me know if you would like us to add your email to the Redevelopment Project updates. We are planning to use the web site in a more active way now that things have settled somewhat, so do keep an eye on that. I hope you are managing in these difficult and challenging times too.

Thank you once again and all the very best
